

STRATEGIC PLAN INITIATIVES

ACHIEVEMENT INITIATIVE

- Develop Student Achievement Advisory Council
- Collect, analyze and improve student performance
- Challenge all students throughout the curriculum with reading, writing and critical thinking initiatives
- Establish an instructional leadership subcommittee to review and revise the curriculum renewal process
- Review and revise student placement

TECHNOLOGY INITIATIVE

- Develop a Technology Advisory Committee
- Implement technologies which support the collection, interpretation and analysis of student performance data
- Implement technologies which enhance delivery and content of the curriculum
- Implement technologies which enhance parent/student/teacher district communications.

FINANCIAL INITIATIVE

- Develop Finance Advisory Council
- Establish an Educational Foundation
- Develop a master facilities plan
- Establish sound financial policies to support the education program
- Create and maintain partnerships for special projects
- Educate the community on district finances

Mission Statement

The mission of Community High School District 128 is to provide quality educational opportunities for all students, including developing within each student:

- ❖ Respectful, responsible and ethical attitudes and behaviors
- ❖ An awareness and appreciation of the diverse cultures in our learning community and our world
- ❖ An ability to think critically and solve problems
- ❖ An ability to communicate effectively
- ❖ An ability to appreciate and demonstrate creativity
- ❖ A life-long desire to pursue knowledge

School Improvement Goals

LHS has established two school wide committees dedicated to the following areas:

Academic Committee

The LHS School Improvement Team used the T.E.A.M.S. (Target, Examine, Apply, Modify, Share) cycle approach to develop goals for each academic department. Each department analyzed data, developed departmental goals and is currently investigating research to design and implement interventions next year to improve student achievement in each department.

Climate Committee

The Climate Committee is currently in phase one of developing goals to improve the LHS learning environment. Communication plans, leadership plans for students, and student participation and attendance are some of the issues being explored.

Students are at the center of all we do!

School Improvement Goals

The VHHS School Improvement Team conducted and analyzed a faculty survey, examined trailing data, identified goal areas and established goal area teams during the 2006-2007 school year. These teams will address the following goal areas:

Student Achievement:

VHHS students will demonstrate higher achievement by improving the skills necessary to succeed on a variety of assessments.

Health and Wellness:

VHHS students will demonstrate higher achievement by improving the quality of their health and wellness.

Time Management:

VHHS students will demonstrate higher achievement as students, teachers, and the school community manage time more efficiently.
